Office of Current Intelligence (OCI)

TALENT Control Officer

The OCI TALENT Control Officer will be responsible to the AD/CI for supervision of and planning for the utilization of TALENT materials in accord with the provisions of the TALENT Control System Manual.

TALENT Security Officer

From the extensive experience of the OCI security staff will be appointed a TALENT Security Officer who will be responsible to the AD/CI for insuring the physical security and other standards required by the TALENT Control System.

TALENT Control Area

A TALENT Control Area will be established in the Special Center in Q Building, possibly in collaboration with OHR to minimize security problems.

Utilization of TALENT Materials

OCI proposes to use the TALENT products in support of the IAC Watch Committee and the development of current economic and military intelligence on the USSR. TALENT materials will be used for background purposes and corroboration of intelligence obtained from other sources.

Personnel

The initial list of OCI personnel for exploitation of TALENT materials follows:
